Our Member Service contact information and office hours. You call always reach out to us at 888-326-3356 or sucocoop.com.

B. Message Center:

A. Contact Information:

Read important messages and/or notices about events, services, products, and promotional offers.

C. Total Amount Due:

summarizes total amount or budget amount due. Automatic payment would be indicated if you are enrolled in auto pay.

D. Your Account Information:

Summary of your account information, billing period and account balance.

E. Service Address:

The address where SCEC is providing service for this statement. This may be different than the mailing address.

F. Meter Readings:

This table shows meter data associated with the current statement. It indicates your service rate class, meter reading dates and meter readings. This is your actual energy usage and demand usage for the billing period. We measure energy usage in Kilowatt hours (kWh) and demand usage in kilowatts (kW).

G. Graph of Electric Usage vs Temperature:

This graph shows your monthly energy usage over the past 13 months compared with the temperature. You can use this information to track and manage your usage.

INTRODUCING A FRESH LOOK TO YOUR ELECTRIC BILL

G. Continued: We recommend comparing your usage for the current period to the same period last year. The more difference there is between the temperature outside and the thermostat setting inside, the harder your heating and/or cooling system will have to work and the more energy it will use, even if you don't adjust the thermostat.

H. Current Charges:

The monthly kWh and kW charges, facility charge, Power Cost Adjustment and a listing of other monthly charges for your account (i.e. security light, taxes, homeguard, etc.).

I. Monthly/Daily Energy Use:

The total amount of energy used compared to the same month of previous year, previous month and average daily energy use for the billing period.

J. Bill Stub:

Return this portion of your bill when you mail a payment.

K. Donate to Operation

Round-Up: Check this box to enroll as an Operation Round Up contributor. Round up your bill to the next dollar and donate the change to provide community reinvestment grants within your service territory.

L. Communication From Your Cooperative:

Read important messages about programs, services, notices and events.

M. Important Information:

This section explains the terminology used on the bill. For additional information please visit our website sucocoop.com

SCHOLARSHIP OPPORTUNITY

Sumner-Cowley Electric Cooperative will award academic scholarships to high school seniors who meet the eligibility requirements and are selected by the scholarship committee. The scholarships are for individuals pursuing a post-secondary degree or certification program in the Fall of 2023.

SCAN THE QR CODE FOR MORE INFORMATION AND TO APPLY.

The application should be completed online at sucocoop.com/scholarships

SCHOLARSHIP APPLICATION DEADLINE IS MARCH 1ST 2023

 $\textbf{IMPORTANT DEFINITIONS/TERMS} \ (\textbf{For additional information and guidance please visit www.sucocoop.com})$

- Facility charge The set monthly facility charge recovers fixed costs incurred by SCEC such as equipment, wires,
 poles, transformers, maintenance, metering and billing services that are needed so power can be available when
 you wish to use it.
- Energy Charge The total cost of energy used. The charge per kWh is set by the rate schedule assigned to this
 account

Power Cost Adjustment: A separate line item on your bill which reflects the increases and sometimes decreases
in the Cooperative's cost of purchased wholesale power from our supplier, Kansas Electric Power Cooperative
(KEPCo). The fluctuation in the PCA is largely determined by changes in the cost of fuel (natural gas, coal,
petroleum) or other materials used in the generation of electric energy.
